PROFESSIONAL SUMMARY

Detail-oriented **B.Tech Information Technology student** with a strong academic foundation (**CGPA: 8.2**) and practical experience spanning full-stack web development and UI/UX design. Proven technical competency in building responsive user interfaces, designing scalable database systems, and implementing machine learning workflows. Eager to apply end-to-end development skills and cross-functional design expertise in a demanding technical internship.

TECHNICAL SKILLS

- Programming Languages:** Python, PHP, JavaScript, Java (Basic), SQL
- Web & Database Technologies:** HTML5, CSS3, MySQL Architecture, DBMS Principles, XAMPP Server Hosting
- Design & Digital Tools:** UI/UX Wireframing, High-Fidelity Prototyping, Canva, MS Office Suite (Word, Excel, PowerPoint)
- Core CS Concepts:** Data Structures, Object-Oriented Programming (OOP)

PROFESSIONAL & INTERNSHIP EXPERIENCE

Prime Vector Private Limited

UI/UX Designer Intern

Remote

September 2026 – Present

- Architect clean, intuitive, and responsive user interfaces (UI) and user flows based on target product requirements.
- Develop detailed wireframes, screen mockups, and interactive system prototypes to map out user experiences (UX).
- Collaborate with engineering teams to ensure visual design consistency, system usability, and technical framework feasibility.

Novitech R&D Pvt Ltd

Full Stack Development Intern

Remote

3 Months

- Engineered modular web application components and handled front-end design workflows alongside back-end services.
- Gained hands-on experience deploying database structures and validating code integrity across agile lifecycles.

TECHNICAL ACADEMIC PROJECTS

AI Career Guidance System | Full-Stack Development Project

- Tech Stack:** Python, PHP, MySQL, HTML5, CSS3, JavaScript, XAMPP Hosting Platform
- Built an end-to-end predictive web application that analyzes user education data to render personalized career suggestions.
- Implemented front-end user interfaces and managed data exchanges using back-end PHP scripting and SQL queries.
- Deployed the architecture locally using XAMPP to perform stress testing and system validation.

Artificial Intelligence and Machine Learning in Drug Discovery | Research Project

- Applied modern machine learning evaluation techniques to facilitate automated drug screening and molecular prediction tasks.

Student Registration Management System | Database Development Project

- Designed and deployed a robust database-driven software platform to securely log, fetch, and organize student records via MySQL.

EDUCATION

- B.Tech in Information Technology** | DMI Engineering College (2024 - 2028) | **CGPA: 8.2 / 10**
- HSC (12th Standard)** | Government Higher Secondary School, Koodankulam (2024) | **Marks: 82%**
- SSLC (10th Standard)** | Government Higher Secondary School, Koodankulam (2022) | **Marks: 76.8%**

CERTIFICATIONS & ACHIEVEMENTS

- Diploma in Computer Application (DCA)** – SSS Computer Education (2023)
- Full Stack Development Internship Certificate** – Novitech R&D Pvt Ltd
- Academic Excellence:** Maintained a consistent 8.2 CGPA across intensive technical semesters.
- Course Completion Certificate** – Prime Vector Pvt Ltd

SOFT SKILLS & LANGUAGES

- Core Competencies:** Technical Documentation, Public Communication, Active Teamwork, Rapid Problem Solving, Time Management
- Languages Spoken:** English , Tamil
